

CYBER SECURITY

IS YOUR
BUSINESS IN
DANGER?

**MANY SMALL BUSINESS OWNERS DON'T BELIEVE
THEY WILL BE THE VICTIM OF A CYBER ATTACK.**

**IN REALITY, YOUR BUSINESS IS MORE
VULNERABLE BECAUSE OF INADEQUATE
RESOURCES DEVOTED TO SECURITY.**

PROTECT YOURSELF WITH A CYBER SECURITY REVIEW.

Digital by Design

WE WILL CONDUCT A REVIEW INTO YOUR CYBER SECURITY REQUIREMENTS & DEVELOP RECOMMENDATIONS TO IMPLEMENT A SECURITY FRAMEWORK.

Cyber Security ensures you have the technology, processes and controls in place to protect your systems, networks and data from cyber attacks.

A cyber security review will identify gaps and propose the appropriate action to take to stop the risk of an attack

Reduce your risk of attack and the financial loss and damage to your reputation it can cause.

OUR APPROACH

Digital First

We practice what we preach - all information provided and collected will be in digital electronic format.

Security and Collaboration

Your information will be stored in our secure Office 365 environment (certified by the Australian Signals Directorate as an approved Cloud Service Provider).

Standards

Compliance with all relevant Australian Standards.

Business Models

Comprehensive Digital Solutions including our Synergy Wheel approach and Digital by Design Maturity Matrix.
